TRAIN LIVE WITH AGILE BOB

Help your team get unstuck.

When a team looks to you for answers, what can you do that helps them solve the problem themselves? I'm Bob Hartman. We'll practice what to say and do when the next meeting starts to go in circles.

Bob Hartman
Certified Scrum Trainer®

60,000+ people trained

I founded Agile For All and have coached hundreds of teams. You'll try an approach in small groups, compare what worked, and decide what to take back to work.

What we'll work on together

- **A Sprint Planning conversation people can use.** Help a team agree on a goal and make a plan it can adapt as it learns.
- **A retrospective that changes something.** Turn a recurring frustration into one experiment the team can try.
- **A way to coach without taking over.** Practice questions that help people handle disagreements and recurring blockers.
