TRAIN LIVE WITH AGILE BOB

Decide what to build next.

Your backlog is full, and everyone has a good reason their item should come first. I'm Bob Hartman. We'll practice how to make the call and explain it, including to the people who didn't get what they asked for.

Bob Hartman
Certified Scrum Trainer®

60,000+ people trained

I founded Agile For All and have coached hundreds of teams. You'll try an approach in small groups, compare what worked, and decide what to take back to work.

What we'll work on together

- **An ordered backlog you can explain.** Compare competing requests against a Product Goal and make the trade-offs visible.
- **Smaller slices of work that teach you something.** Break down a big idea so you can get useful feedback sooner.
- **A better conversation with stakeholders.** Use a Sprint Review to see what changed for customers and decide what to do next.

HOW THE CLASS WORKS

I teach in person and live on Zoom. Current Zoom classes run two days, 9 a.m. to 5 p.m. Eastern each day, with 2–3 hours of pre-work. Eligible for 16 PDUs.

HOW YOU GET CERTIFIED

Successfully complete the class and accept the license agreement from Scrum Alliance®. There's no exam for the current course.
