

GARAGE iD

The Ultimate Racing System

Racing is a Fractured Marketplace

01

Event Management

There is **no dedicated platform for managing racing events**, team management, driver check-in, and tech-inspection.

02

Racing & Team Data

There is no global platform for all of the different types of racing and racing series. **Data-share is non-existent.**

03

Racer Agency

There is no GoFundMe for racers out there. **There is no driver marketplace** to connect top talent to teams.

What if we combined all 3?

All-in-One Platform

GARAGE iD is the platform for racing in the next decade. Our holistic approach to bringing together RACERS, RACING TEAMS, and RACE MANAGEMENT all under one roof is the solution that every single racing series manager is looking for.

- Fully manage a racing event:** ticketing, check-in, tech-inspection, and team management for less than Eventbrite or MotorsportReg.
- Give Race Teams power tools:** Digital scan tech-sheets, driver management, series sign-up, checklists, and more.
- Access the Racer and Team marketplace:** Get access to the worlds first global database for racers to receive sponsorship and get connected with teams that need top talent!

GARAGE iD is a daily transaction platform. We earn through taking a % of all ticket sales, retail, sponsorships, and point transactions!

The screenshot displays the GARAGE iD website interface. At the top, there is a navigation bar with links for HOME, MY GARAGE, EVENTS, TEAMS, SERIES, GARAGES, RACERS, and VEHICLES, along with SIGN UP buttons. Below this is a secondary navigation bar with GARAGE iD and links for ATTEND, DRIVER REGISTER, and TEAM REGISTER.

The main content area features several promotional banners and data sections:

- Miami 500 Road Racing:** A large banner for the FARA 500 Road Racing event at Homestead-Miami, scheduled for Feb 07. It includes the event logo and location details.
- SERIES:** A section for the FARA USA series, showing a total of 2 members and a team score of 100. It also lists the next race (Race of Champions) and the last race (Miami Grand Prix).
- MISSION:** A banner for Mission Zero, featuring various food products and an 'EXPLORE PRODUCTS' button.
- FIKSE:** A banner for FIKSE Wheels, advertising 'World Leader In 3-Piece Custom Forged Wheels' with an image of a car.
- TEAMS:** A section titled 'GID SCORING TOP 5' showing a list of drivers with their IDs and scores (all 100 points).
- RANKINGS:** A section with buttons to 'View all GID Rankings' and 'View all GID Scoring', accompanied by logos for FARA and IMSA.

At the bottom of the page, there is a footer with the GID logo, links for AUTO NEWS, WIKI, and CONTACT US, and a copyright notice for 2025 GARAGE iD.

THE GLOBAL RACING DATABASE

2 **Racing & Team Data**

- Pull driver data from every racing series
- Access team data and machine data from every racing series
- Access ranking systems and results data

Google did over \$147B in selling data in 2020.
 Facebook did \$84B in selling data in 2020.

Our internal goal is to do \$10M/year as a data broker to OEMs, retailers, car events, motorsports, factories, and more.

We're already collecting global racing data now.
